## **St Christopher's Parish GodStart Report**

GodStart is a "good news" program that involves toddlers and pre-school children with their parents. The children have a wonderful opportunity to explore the reality and wonder of God through stories, songs and prayers. Mothers enjoy meeting and speaking with each other over a cup of tea and cake. For some, it is a beginning of forming new friendships.

The get-togethers commence with the children playing and getting to know each other. A story is read and shared by a GodStart leader, followed by prayers. The children all look forward to singing along with Fr Pat and his guitar. It is a special time for our young children to discover God in the joys and wonders of daily life.

GodStart get-togethers are held approximately an hour four times a year in the presbytery or meeting room. Details of dates are published in the Parish Newsletter. All are warmly welcomed.
